INSTRUMENT LESSONS, COMPOSITION COURSES  
& ENSEMBLE COACHING**

*Dear Lifelong Learners,*

*What is your dream in music?*

*Is it playing an instrument? Composing and/or arranging music? Or are you playing an instrument but you don't know how to hit the next level? Maybe you have a vocal or instrumental ensemble and you (and your group) need coaching?*

*All these dreams and aspirations can come true with hard work and a reliable education system. "[Agoshian Music Education Center](#)"© is here to provide the system that you need. "Personally Designed Education Model"© (PDEM) is the most important feature of the system. It means that the whole education curriculum will be tailored especially to your needs. The aim is to improve your abilities, desires and targets not only in music but also in life because music is an inseparable part of it.*

## ENSEMBLE COACHING

- Every ensemble can apply to this program (vocal, instrumental, mixed, duo, trio, quartet, quintet, and so on).
- The coaching program consists of preparing repertoire and rehearsal plans. The repertoire should (almost) fit the level of the ensemble.
- We will decide the number of rehearsals together.
- Every rehearsal is divided into three sections: warming up for creating an ensemble sound, score analysis and interpretation.
- Every group should provide their materials including their music stands.
- Every group is responsible for organizing their concerts. In the future, I can provide a stage for them if the time and place are suitable.
- This program has no online option but I give mentoring services about home and commercial recordings.

Please feel free to write ([aagoshian@gmail.com](mailto:aagoshian@gmail.com)) to me for more information.
